
3M™ Doodlebug™ Cleaning System

Efficiency from the ground up

We've teamed up several 3M™ Doodlebug™ Products to offer a versatile cleaning system that can make your cleaning job easier, more effective and less costly. Choose from two styles of holders, four cleaning pads and a brush. They're designed for most cleaning tasks, from light-duty cleaning of delicate surfaces to heavy-duty cleaning of dirt and finish buildup.

The pads and brush all easily attach to the holders, which feature special hook-and-loop grippers that hold them firmly in place. The Doodlebug cleaning system is especially effective when used with cleaning chemicals such as 3M™ TroubleShooter™ Cleaners, and 3M™ Sharpshooter™ Extra-Strength, No-Rinse Cleaner.
