Premium Diamond Tools

"I am very impressed with these new metals. They work on any concrete soft or hard and they cut immediately. NO glazing, period! The initial steps get done NOW! These are the best we've used."

FEATURES

- Very consistent
- Excellent scratch pattern - run mostly dry
- Great for removing carpet glue
- Strong industrial magnets make changing diamonds quick and simple
- Excellent life: 40, 80 and 150 grit each capable of 20,000+ square feet
- Tested as 2-4 times faster than anything comparable
- Cuts through anything with ease
- Compatible with the entire Innovatech line of Predators

* Increased efficiency depends on individual job conditions

Concrete Chemicals

INNOVASTONE:

A chemical hardening solution used to strengthen the integrity of concrete floors. This sealer is water based, VOC compliant and environmentally safe. InnovaStone will harden, densify and create a water repellent concrete floor which is why it is often used in the concrete polishing process. Using InnovaStone on your concrete floors, will add many extra years of life, hold a shine longer, prevent dusting and save money on maintenance.

-Hardener/Densifier Available in 1 Gallon, 5 Gallon and 55 Gallon Drum

INNOVASEAL:

An advanced sealer that gives added protection for concrete floors to protect against oil and water based stains. InnovaSeal has extremely high coverage rates when applied after InnovaStone because of its minute molecular structure, allowing it to penetrate into the pores of the sealer.

-Advanced Protective Sealer Available in 1 Gallon, 5 Gallon and 55 Gallon Drum

INNOVACLEAN:

Designed for on-going maintenance of hardened polished concrete surfaces. This product is highly concentrated and contains state of the art wetting and emulsifying agents. InnovaClean, used regularly to clean polished floors, will add longer life, luster and shine of the floor.

Shotblaster Packages

Elephant Package

8" Elephant Blaster Package with Little Blue Vacuum System only \$9795

Our 8" push or pull (200 mm) Shot Blaster is lightweight, has a compact design and convenient electrical requirements (Single Phase 230 Volt) making it ideal for smaller jobs, tight areas and detail work. This unit excels where larger shotblasters formerly were non-accessible. It is safe, simple and economical to operate.

Module 200 Package

Module 200 - 8" Self Propelled Blaster with Tornado Vacuum System only \$25,975

The Module 200 Shot Blaster is ideal for all surface preparation jobs. It offers high productivity with a self-propelled, compact and maneuverable 8" (200 mm) blast width. Excellent for concrete, coatings, steel decks, tanks, etc. Unique in that our Module 200/2 Kit is optional for a total of 16" blasting width to increase productivity while maintaining the versatility of two separate machines.

Module 350 Package

Module 350 - 14" Self Propelled Blaster with R2D2 Vacuum System only \$41,500

The Module 350 is the ultimate in high production mobile dust free shotblasting. This self propelled unit delivers versatile and effective surface preparation. The 14" (350 mm) blasting width brings you the productivity needed for those large jobs. Suited for hard concrete, coatings, steel decks, bridges and tanks.

Terms of Sale

All sales are final upon receipt of order. Payment is required prior to shipment unless credit terms have been arranged in advance. Equipment financing is available to qualified customers. Call for available financing terms and rates.

Warranties

Warranties on the equipment we sell may vary depending on the manufacturer of the equipment. Warranties are set out in the owner's manual or in the documentation that comes with the equipment. Please check the specific equipment for warranty details.

Shipping Charges

All prices quoted are FOB Innovatech, Everett, Washington, USA. Your sales representative will be happy to provide a quote including the shipping charges.

Returns

If you have an item to return for warranty repair or for service, please contact Innovatech's Service Department at 1 (800) 267 6682 to receive a Return Authorization Number. All sales are final and used equipment is not accepted for return credit. If a new, unused item is accepted for return, a restocking fee will normally apply.
