

TERMINATOR 2000ei

The ultimate in flooring removal technology, the Terminator 2000ei offers the same strength, flexibility, and surface removal capabilities as its propane powered counterpart, yet it runs quieter and cooler with zero emissions and fumes. To provide added runtime flexibility, The 2000ei is equipped with an interchangeable battery package power plant as standard equipment. With on-the-job service life of up to 8 hours (per battery pack) before changing battery packs or recharging makes it the preferred choice for indoor flooring removal.

FEATURES

- High production rates *
- Removal rates of 80-90% of the majority of floor coverings on the first pass *
- Fits through standard doorways and elevators
- Zero emissions and fumes
- Runs quieter and cooler
- No cumbersome cord attachment
- Batteries only draw power when the machine is moving
- Zero memory batteries
- Decreased maintenance
- Forklift channels for easy lifting
- Batteries can be quickly changed out for continuous run-time

* Increased efficiency depends upon individual job conditions.

SPECIFICATIONS

Innovatech TERMINATOR 2000ei™

TECHNICAL DATA

Working Width: 26 inches (660 mm)
Battery: 5,000 watt
Dimensions L x W x H: 65 x 26 x 47 inches (165 x 66 x 119 cm)
Weight: 2,735 pounds (1,240 kg)
Weight with Extra Weight Package: 3,400 pounds (1,542 kg)
Minimum Usable Weight: 2,347 pounds (1,065 kg)

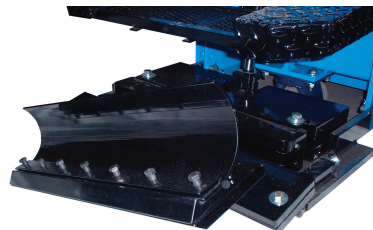

REMOVAL RATES

Average Production Rates Per Hour*
Carpet: 900 – 1800 ft² (84 – 167 m²)
VCT/VAT: 1000 – 2500 ft² (93 – 232 m²)
