

Onfloor **EMP** EDGE MULTI-PURPOSE

Flexible Startup Trigger

Non-conductive with safety lock-out to prevent accidental startup. Operator activates the machine with a gentle squeeze.

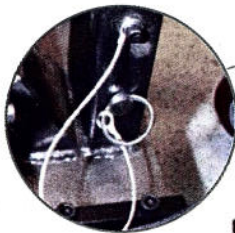

Handle and Frame

Constructed of heavy-duty steel for strength and durability. The handle has a quick disconnect for transport.

Heavy-Duty 5HP Motor

Dual Capacitors
460 Volt, 6 AMP
3450 RPM

Position Pin for Multiple Position Versatility

Tooling is Engineered

to allow maximum proximity to wall and machine uses standard Onfloor[®] tooling and parts.

High Performance

This versatile Multi-Purpose Edger adds fine precision to the resurfacing and preparation of concrete floors.

Built to hug the wall and maneuver closely around corners and edges, featuring a unique gear and belt system with counter-rotating heads for smooth operation and control, the Onfloor[®] Edge EMP can go where standard floor machines can not and gives your job that consistent professional finish.

Maintain your edge with the Onfloor[®] Edge EMP.

4" Swivel Casters

Added for increased maneuverability during operation.

6" Non-Marking Transport Wheels
